Joke Of the Week

A tour group was riding in an elevator to the top of the Empire State Building. At about the 102nd floor, a woman asked the tour guide, *"If the cables on this elevator break, do we go up or down?"* The tour guide answered, *"Well, that depends on how you are living."*

Sympathy

We extend our deepest sympathy to the family and friends of **Martin Treacey** who has died recently. Martin Treacey served as a sacristan. May he rest in peace.

Safety

During the flu season please protect yourself and everyone around you by staying home if you are felling unwell. We now have our **defibrillator** in the back of the church. We are looking for volunteers to be trained how to use it for each Mass. Thank you to those who have put their names forward. Please contact Bernie if you are interested.

Holy water is available beside the Baptistry, please bring your own bottle.

If anyone has any wool they would like to donate to our charity knitting club on Thursday's, it would be greatly appreciated! Please drop it into the office or the sacristy.

This weekend the **St Vincent de Paul's collection** takes place. Your generosity is greatly appreciated. Thank you for your continued support!
